MISC. INFO

Start & Finish Times: Every attempt will be made to begin each division at the posted start time. However, various factors could cause the actual start time to be delayed. Players should check with the Tournament Director for exact start times. Each division will be completed as soon as possible but finish dates & times are not guaranteed.

Determining Races: To find the race between two players, visit fairmatch.fargorate.com, click "Match Charts," enter the rating of each player, and select the chart button indicated for the specific division (i.e. R3, R4, or R5). The correct race will be highlighted in the medium handicap column. For scotch doubles, enter the average rating of the partners (total rating / 2). Note: races will be generated by the Tournament Director on-site.

Example: Scotch Doubles Team A has a combined rating of 1,078 and Team B has a combined rating of 860. The average rating of Team A is 539 (1,078/2) and Team B is 430 (860/2). Using the FargoRate app, enter 539 and 430 as the two ratings, select R3, and use the highlighted race under the medium handicap column. In this case, the correct race is 3-2.

Individual Rating Changes

There is a 10-point "forgiveness cushion" if a player is rated under the individual rating limit (720 for men, 660 for women) at the time of registration but his or her rating moves above the limit before the tournament. If the player's rating moves beyond this cushion, he or she will incur a 1-game penalty in each match for every 25 points over the cushion. Penalties are in addition to the normal handicapped races.

- *Example 1: A male player has a rating of 719 at the time he registers but it moves to 735 (5 over the cushion) before the tournament begins. He will incur a 1-game penalty in each match.*
- *Example 2: If the same player's rating moves to 758 before the tournament begins (28 over the cushion), he will incur a 2-game penalty in each match.*
 - Note: If both players in a match are penalized for being over the cushion, the penalty in the match will be the difference in the two penalties. For example, if Player A has a 1-game penalty and Player B has a 2-game penalty, Player B will incur a 1-game penalty in that match. If both players have a 1-game penalty, there will be no penalty in that match.*

Scotch Doubles Rating Changes: There is a 20-point per team "cushion" if the team is eligible when they register but one or more members' ratings move up before the tournament to push them over the team limit. If the team's rating moves beyond the cushion, they will have the following options:

- Play and accept a 1-game penalty for every 40 points over the cushion
- Doubles: replace one player to get within the team rating limit

Disqualifying a Player

If a player is consistently and significantly performing above his or her indicated rating during the event, CSI reserves the right to disqualify the player without refund. Therefore, if you believe your rating is not accurate, please contact CSI prior to the registration deadline.

Misc

Once registration is closed and divisions are drawn, no changes are allowed.
