## **MISC. INFO**

**Start & Finish Times:** Every attempt will be made to begin each division at the posted start time. However, various factors could cause the actual start time to be delayed. Players should check the tournament brackets for exact start times. Each division will be completed as soon as possible but finish dates or times are not guaranteed.

**Determining Races:** To find the race between two players, visit [fairmatch.fargorate.com](http://fairmatch.fargorate.com), click "Match Charts," enter the rating of each player, and select the chart button indicated for the specific division (i.e. R3, R4, or R5). The correct race will be highlighted in the medium handicap column. Note: races will be generated by the Tournament Director on-site.

*Example: Player A has a rating of 654 and Player B has a rating of 572. Using the FargoRate app, enter 654 and 572 as the two ratings, select R6, and use the highlighted race under the medium handicap column. In this case, the correct race is 7-5.*

## **Individual Rating Changes**

There is a 10-point "forgiveness cushion" if a player is rated under the individual rating limit (720 for men, 660 for women) at the time of registration but his or her rating moves above the limit before the tournament. If the player's rating moves beyond this cushion, he or she will incur a 1-game penalty in each match for every 25 points over the cushion. Penalties are in addition to the normal handicapped races.

- *Example 1: A male player has a rating of 719 at the time he registers but it moves to 735 (5 over the cushion) before the tournament begins. He will incur a 1-game penalty in each match.*
- *Example 2: If the same player's rating moves to 758 before the tournament begins (28 over the cushion), he will incur a 2-game penalty in each match.*
  - Note: If both players in a match are penalized for being over the cushion, the penalty in the match will be the difference in the two penalties. For example, if Player A has a 1-game penalty and Player B has a 2-game penalty, Player B will incur a 1-game penalty in that match. If both players have a 1-game penalty, there will be no penalty in that match.*

**Doubles & Team Rating Changes:** There is a 10-point per player "cushion" if the team is eligible when they register but one or more members' ratings move up before the tournament to push them over the team limit. If the team's rating moves beyond the cushion, they will have the following options:

- Play and accept a 1-game penalty for every 40 points over the cushion
- Doubles: replace one player to get within the team rating limit
- Teams: replace one or more players to get within the team rating limit

**Substitutions:** The core roster will be used to determine the combined team rating. Teams may sub players in any round but the sub must be rated the same or lower as the person being replaced. The team rating remains the same throughout the event as determined by the core roster.
