FargoRate

FargoRate has replaced the outdated system of subjectively classifying players as Novice, Open, Advanced, Master, etc. Players with at least 200 games of data in the FargoRate system have an established rating. Those with fewer than 200 games have a transitional rating based on any data in the FargoRate system and a starter rating assigned by the BCAPL.

Division Start Times

Various factors could affect start times. Therefore, divisions may begin later than the times listed on the entry form. Check the tournament brackets for the exact start time of your match or ask the Tournament Director.

Don't Get Disqualified!

We take player ratings very seriously. A player who intentionally enters an event with a transitional or starter rating that is too low for his or her ability is cheating. **Be aware that we have tools in place to monitor players who are consistently and significantly performing above their rating during the event.** The BCAPL reserves the right to disqualify any player without refund. Therefore, if you believe you are underrated, contact CSI prior to the registration deadline.

Mixed Divisions vs. Women's Divisions

While women's-only divisions are offered, Fargo Ratings provide women the opportunity to compete on a level playing field against men. A woman rated 450 plays at the same level as a man rated 450. Therefore, women are welcomed and encouraged to participate in the mixed divisions. Please note that a female cannot play in both the Mixed 8-Ball Singles and the Women's 8-Ball Singles because they are held simultaneously.

No Changes after the Draw!

Once the brackets are drawn for a division, no changes are allowed.

SCOTCH DOUBLES

This division is intended for amateurs only. No male rated higher than 720 and no female rated higher than 660 may register.

General Eligibility

- Teams must consist of one (1) male and one (1) female.
- At least one (1) teammate must:
 - Be a sanctioned member of a BCAPL-sanctioned league and play a minimum of four (4) full scheduled weeks during the 2017-2018 league year (June 1, 2017 – May 31, 2018); or
 - Be a member of a USAPL league and play a minimum of four (4) full scheduled weeks during the 2017-2018 league year (June 1, 2017 – May 31, 2018)
- One (1) teammate may be a CSI member (\$25 membership fee) but must reside in the same state as the league-qualified member.

Scotch Doubles 8-Ball

Players register for scotch doubles based on the members' combined Fargo Ratings. Entry fees and start dates are listed on the entry form.

- **Ratings:** the team's combined Fargo Rating cannot exceed 1,100 at the time of registration.
- **Format:** race to 4, non-handicapped, alternate break, rack your own, true double elimination
- **Fees:** each entry includes a \$15 green fee and \$50 toward the prize fund. The remainder is an admin fee.
- **Added:** \$1,500 added based on 64 teams

Team Rating Increases

There is a 10-point per player "cushion" if the team is eligible at the time of registration but one or more members' ratings increase before the tournament to push them over the limit. If the team's rating moves beyond this 20-point cushion, they will have the following options:

Option 1: Replace one (1) player to get back within the division limit (must still meet all other eligibility requirements)

Option 2: Play and accept a one-game penalty in each match for every 50 points over the team cushion

Example:

A Scotch Doubles team is below the 1,100 limit at the time of registration but their rating increases to 1,118 (18 points over the limit) – there is no penalty in the match because it did not exceed the 20-point cushion. If their rating increases to 1,152 (32 points over the cushion), they will incur a one-game penalty in each match. Note: If both teams in a match have been penalized, the penalty in that match will be the difference in the two penalties. For example, if Team A has a one-game penalty and Team B has a two-game penalty, Team B will incur a one-game penalty in that match. If both teams have a one-game penalty, there is no penalty in that match.

Individual Rating Increases

There is a 10-point "cushion" if a male is rated 720 or lower or a female is rated 660 or lower at the time of registration but his or her rating increases above those limits before the tournament. If a player's rating moves beyond this cushion (730 or 670), the team will have the following options:

Option 1: Replace the player (must still meet all other eligibility requirements)

Option 2: Play and accept a 1-game penalty in each match for every 25 points over the individual cushion (730 or 670)

Example: The male player has a rating of 717 at the time of registration but it increases to 735 before the tournament (5 over the cushion), the team will incur a one-game penalty in each match. If the same player's rating increases to 758 (28 over the cushion), the team will incur a two-game penalty in each match.
