2019 SCHEDULE OF EVENTS (JULY 17-27)

NEW FOR 2019

League Divisions Open to BCA Pool League Members Only

Although this is not new, this is a reminder that league divisions are open only to league members. Individual CSI Members are not eligible to participate in BCA Pool League divisions. However, the below events open to anyone, including CSI Members, with a Fargo Rating of 720 or lower. League-qualified members, even those with ratings above 720, may participate in these divisions if they choose.

Non-League Events

- Las Vegas 9-Ball Open
- CSI 9-Ball Singles
- CSI 10-Ball Singles
- CSI 8-Ball Singles

Mixed 8-Ball Teams Bronze Division Added

A new 8-ball team division has been added – the Bronze Team Division! Last year, there were four (4) 8-ball team divisions – Platinum (3,250 team rating limit), Gold (3,000 team rating limit), Silver (2,500 team rating limit), and Trophy (2,750 team rating limit). Player feedback revealed a high demand for a division with a lower team rating limit. Therefore, we are introducing the Bronze division with a maximum team rating limit of 2,250.

Handicapped 8-Ball Singles Divisions Added

Due to member feedback, we are now offering two handicapped 8-ball singles divisions July 17-19. All players in these divisions must have established Fargo ratings based on a minimum of 200 games of data (i.e. minimum robustness of 200). Each division will use the FargoRate R5 race chart with hot handicaps. See the "Mixed Singles" section for more information.

Predator World 10-Ball Championship at the Rio

Predator and CueSports International (CSI) are excited to announce a partnership that will bring the World 10-Ball Championship to the Rio All-Suite Hotel & Casino during the BCA Pool League World Championships.

This World Pool-Billiard Association (WPA)-sanctioned Category 1 World Championship, with \$100,000 added prize money, will be the first ever World 10-Ball Championship in the United States. This is huge because no WPA-sanctioned World Championship in 8-ball, 9-ball or 10-ball has occurred in the United States since 1997, when Johnny Archer won the World 9-Ball Championship in Chicago.

This prestigious event will be played on 9-ft pool tables in the Pavilion Ballroom of the Rio Convention Center and will be free for all spectators, including participants of the BCA Pool League events. You can't get this at any other league event.

Las Vegas 9-Ball Open

Predator & CueSports International will also provide the \$25,000 added Las Vegas 9-Ball Open which will be played on 9-foot tables in the Pavilion Ballroom of the Rio Hotel & Casino. It will be a WPA ranking event and open to anyone but limited to the first 128 players who register.

GENERAL INFORMATION

The purpose of this document is to provide the necessary information about the event and its numerous divisions so you can decide which divisions you would like to compete in and know how to register. This document is not intended to convey the procedures that must be followed at the event. For those details, please refer to the Tournament Regulations.

Player Ratings

FargoRate has replaced the outdated system of subjectively classifying players as Leisure, Open, Advanced, Master, & Grandmaster. Players with at least 200 games of data in the FargoRate system have an established rating. Those with fewer than 200 games have a transitional rating based on any data in the FargoRate system and a starter rating assigned by the BCAPL.

Example: John has a Fargo Rating of 593 based on just 50 games. He was assigned a starter rating of 560 by the BCA Pool League. John's transitional rating would be calculated by a proportional combination of the two numbers $(593 \times 25\%) + (560 \times 75\%)$. Therefore, John's transitional rating would be 568. Starter ratings may be adjusted by the BCA Pool League at any time.

Rating Reviews

Mistakes happen. Therefore, we carefully review the ratings of all players who register. This process takes time and we reserve the right to adjust starter ratings and correct errors at any time. To avoid late rating issues, we encourage you to register early and make sure your rating and your teammate's ratings reflect their true ability. An adjustment of a starter rating or any other type of rating correction is not grounds for a refund.

Rating Penalties

Each division has a team and/or individual rating cushion to allow for slight rating increases after the team or person registers. If a team or person's rating increases beyond the cushion for a specific division, game penalties may be applied. If a player or team has incurred a game penalty, the opponent will race to one game less. If both teams in a match have been penalized, the penalty in that match will be the difference between the two penalties. For example, if Team A has a one-game penalty and Team B has a two-game penalty, Team B will incur a one-game penalty in that match. If both teams have a one-game penalty, there will be no penalty in the match.

The rating cushion applies only to ratings that have naturally increased as a result of additional data in FargoRate or improved performance. A change or correction of a starter rating does not constitute a natural increase.

Don't Get Disqualified

We take player ratings very seriously. A player who intentionally enters an event with a transitional or starter rating that is too low for his or her ability, is cheating. Be aware that we have tools in place to monitor players who are consistently and significantly performing above their rating during the event. We reserve the right to disqualify any player without refund. Therefore, if you believe you are underrated, contact the BCA Pool League prior to the registration deadline.

Mixed vs. Women's Events

While women's-only divisions are offered, FargoRate provides the opportunity for women to compete on a level playing field against men. A woman rated 450 plays at the same level as a man rated 450. Therefore, women are welcomed and encouraged to participate in the mixed divisions.

Start Times & Format

Divisions may begin as early as 9 am on the dates listed. However, various factors could delay start times. Always check the tournament brackets for the exact start time of your match or ask the Tournament Director. All divisions are true double elimination format unless otherwise noted.

How to Avoid Forfeits

Each year, people forfeit matches because they do not follow the correct procedures. Matches are not announced at the event and there may be occasions when your table is not available at the scheduled time because earlier matches are running long. You are responsible to be at your assigned table when it becomes available. Please review Appendix A – Using CTS (CueSports Tournament System) and the Tournament Regulations. These documents detail the process of avoiding forfeits. If you still need help, please consult

the Tournament Director's desk. Being forfeited as a result of not following the correct procedures (see the Golden Rule below) is not grounds for a refund or a credit.

Golden Rule: If you are at your assigned table at the scheduled match time and do not leave, you cannot be forfeited.

Match Conflicts

Many people want to play in as many divisions as possible while they are in Las Vegas to get the most out of the experience. Therefore, participants are free to register for divisions that overlap. However, the BCA Pool League is only able to schedule around the overlapping divisions listed below. If any other match conflicts occur, you must forfeit one of the matches without refund. **The player or team assumes the risk for conflicts between all divisions not listed below.**

- Scotch Doubles; **and**
- Mixed 8-Ball Singles **or** Mixed Senior 8-Ball Singles **or** Women's 8-Ball Singles **or** Women's Senior 8-Ball Singles

NOTE: The last day of 9-Ball Teams overlaps the first day of 8-Ball Teams on Wednesday, July 24. Matches will not be rescheduled due to players competing in both divisions. Therefore, teams should have enough substitute players on their roster to field an eligible team in the event of a match conflict.

SCOTCH DOUBLES

Check-in is not required for scotch doubles divisions. However, it is your responsibility to know when and where you play! Roster change requests must be made at the BCA Pool League Registration Desk by noon on Thursday, July 18 and final league standings and/or other documents are required.

General Eligibility

- Teams must consist of one (1) male and one (1) female.
- Both teammates must be sanctioned members of a BCA Pool League and play a minimum of eight (8) full scheduled weeks in a single division session during the 2018/19 eligibility period (June 1, 2018 – May 31, 2019).
- No person (male or female) may be rated higher than 720 at the time of registration.

Team Rating Increases

There is a 20-point team rating cushion. If a team is eligible for a specific division at the time of registration, but one or more members' ratings naturally increase afterwards to push them over the limit plus the cushion, it has the following options:

- Option 1: Move up into the next division (if possible) and pay any difference in entry fees
- Option 2: Replace one (1) player to get back within the division limit (must still meet all other eligibility requirements)
- Option 3: Play and accept a one-game penalty in each match for every 50 points over the cushion

Example: A Platinum Scotch Doubles team is below the 1,300 limit at the time of registration but their rating naturally increases to 1,318 (18 pts. over the limit) – there is no penalty in the match because it did not exceed the 20-point team rating cushion. If their rating naturally increases to 1,352 (32 pts. over the cushion), they will incur a one-game penalty in each match.

Individual Rating Increases

There is a 10-point individual rating cushion. If the male partner is rated 720 or lower, or the female partner is rated 660 or lower, at the time of registration, but his or her rating naturally increases over the limit plus the cushion afterwards, the team has the following options:

- Option 1: Replace the player (must still meet all other eligibility requirements)
- Option 2: Play and accept a one-game penalty in each match for every 25 points over 730 or 670

Example: The male player has a rating of 717 at the time of registration but it naturally increases to 735 afterwards (5 pts. over the cushion), the team will incur a one-game penalty in each match. If the same player's rating increases to 758 (28 pts. over the cushion), the team will incur a two-game penalty in each match.

Example: A player has a rating of 717 at the time of registration but it naturally increases to 735 afterwards (5 pts. over the cushion), he or she will incur a one-game penalty in each match. TEAMS

Team Check-In & Roster Changes

Team check-in is required and begins at noon on Sunday, July 21. The Team Captain or League Operator must check in at the BCA Pool League Registration Desk prior to the start of the division and get an official team roster. Roster change requests must be made by noon on the day prior to the division start date and final league standings and/or other documents are required. The official roster and Government-issued photo ID of all players must be presented to all opposing teams and event staff upon request.

Team Shirts

Please note the following team shirt requirements from Dress Code A:

- Team shirts are required during team competition.
- Color and style of team shirts (front & back) must match (except for the player names)
- Each member must have his or her own team shirt. Borrowing the shirt of a teammate is not permitted.

General Eligibility

- All players must be sanctioned members of a BCA Pool League and play a minimum of eight (8) full scheduled weeks during a single division session during the 2018/19 eligibility period (June 1, 2018 – May 31, 2019).
- For Mixed Teams, no person (male or female) may be rated higher than 720 at the time of registration.
- For Women's Teams, no person may be rated higher than 660 at the time of registration.
- Different divisions have different eligibility criteria. For the criteria of a specific division, review the table footnotes.

Substitutions

The core roster is used to determine the total team rating. Teams may substitute players in any round but the substitute must be rated the same or lower than the person being replaced. The total team rating remains the same throughout the event as determined by the core roster.

Team Rating Increases

There is a 10-point per core player team rating cushion. If a team is eligible for a division at the time of registration but one or more members' ratings naturally increase afterwards to push them over the limit plus the cushion, it has the following options:

- Option 1: Move up into the next division (if possible) and pay any difference in entry fees
- Option 2: Replace one or more players to get back within the division limit (must still meet other eligibility requirements)
- Option 3: Play and accept a one-game penalty in each match for every 50 points over the cushion

Example: A Mixed Gold Team is below the 3,000 limit at the time of registration but their team rating naturally increases to 3,093 (43 pts. over the cushion). They will incur a one-game penalty in each match. If their rating naturally increases to 3,127 (77 pts. over the cushion), they will incur a two-game penalty in each match.

Individual Rating Increases

There is a 10-point individual rating cushion. If a person (male or female) is rated 720 or lower in Mixed Teams, or a female is rated 660 or lower in Women's Teams at the time of registration, but his or her rating naturally increases above 730 (Mixed Teams) or 670 (Women's Teams) afterwards, the team has the following options:

- Option 1: Replace the player (must still meet other eligibility requirements)
- Option 2: Play and accept a one-game penalty in each match for every 25 points over the cushion (730 or 670)

Example: A male has a rating of 716 at the time of registration but it naturally increases to 735 afterwards (5 pts. over the cushion), the team will incur a one-game penalty in each match. - Be a current CSI Member and pay a \$35 green fee.

- NOTE: Some mini-tournaments will have specific rating, gender, league, and other requirements.

CSI SINGLES

Check-in for singles divisions is not required. However, it is your responsibility to know when and where you play!

General Eligibility

- CSI Singles divisions are open to male and female players.
- All players must be either league-qualified or a CSI member.
- League-Qualified: a sanctioned member of a BCA Pool League or USA Pool League that has played a minimum of eight (8) full scheduled weeks during a single division session during the 2018/19 eligibility period (June 1, 2018 – May 31, 2019).
- CSI Member: a person who is not league-qualified but has purchased a current CSI membership
- No person (male or female) may be rated higher than 720 at the time of registration unless they are league-qualified.

Individual Rating Increases

NOTE: The following does not apply to league-qualified members. There is a 10-point individual rating cushion. If a CSI Member is rated 720 or lower at the time of registration but his or her rating naturally increases above 730 before the tournament, he or she will have the following options:

Option 1: Drop out of the division with a full entry fee refund

Option 2: Play and accept a one-game penalty in each match for every 25 points over 730

Example: A player had a rating of 717 at the time of registration but it naturally increases to 735 before the tournament (5 pts. over the cushion), he will incur a one-game penalty in each match. If his rating naturally increases to 758 (28 pts. over the cushion), he will incur a two-game penalty in each match.
