## How to Start a USAPL Pool League?

### **1** APPLY

The first step is to complete the USAPL Manager Application. This is how we learn a little about you and the area in which you will operate. While the application is not complicated, it will require you to perform a little research on your local market. This application can be completed online at [www.playusapool.com](http://www.playusapool.com) or submitted via email, fax, or postal mail using the attached form.

### **2** INTERVIEW

Once we have reviewed your application, a phone interview will be scheduled with you and USAPL national office management. This gives us the opportunity to learn more about each other and help determine if we should move forward.

### **3** APPROVAL

If we believe you and your local market are a good fit for the USAPL, you will be approved. Once approved, you will be asked to sign a USAPL Manager's Manual and License Agreement. This will give you the exclusive right to operate the USAPL in your area.

### **4** TRAINING

Congratulations...you are a USAPL Manager! It's now time to receive training for the USAPL online league management software, league structure and format, game rules, and how to properly market your league. You will also be given contact information for other experienced USAPL Managers that can serve as a network of helpful advisers.
